## ARRAY OF FORMULATIONS FOR MANKIND

AN INTEGRATED BIOTECH COMPANY

**#innovationthroughdiscovery**

## OUR BUSINESS VERTICALS

Meteoric Biopharmaceuticals is a first generation, research driven, integrated and diversified global biopharma leader. With a belief in 'InnovationthroughDiscovery', Meteoric biopharmaceuticals today services over 500+ customers across 50+ industries in the world. Starting from our first office in 2006, from 03 employees to a team of over 125+ skilled professionals. From a single 200 sq feet warehouse to over 50000 sq feet of production area and 02 state of the art laboratories.

Today we are a one stop solution for all biological requirements across Enzymes, Probiotics, Nutraceutical, Finished Formulations, and Animal Health Care. We also offer unique services of Product Customization, Concept Formulation and Contract Manufacturing under one roof.

Vet Meteoric, is a well-established Animal Healthcare Division of Meteoric Biopharmaceuticals that focuses solely on the veterinary market.

The focus of the division is to work towards enhancing animal health by manufacturing, supplying, and marketing best-in-class veterinary products viz. high-quality feed supplements, feed additives as raw materials and its premixes.

A comprehensive range of veterinary Product portfolio including enzymatic preparations, probiotic blends, combination of best in class phytoextracts that will outperform traditional veterinary products in terms of efficacy and results in future are continuously developed and introduced by Meteoric's Animal Health Division.

Panacea Phytoextracts Pvt. Ltd., a subsidiary of Meteoric Biopharmaceutical Pvt. Ltd. is an innovative and leading manufacturer and supplier of optimum quality standardized herbal extracts for the formulation of Herbal Biomedicines, Phytodrugs, Nutraceuticals, Food supplements, Pharmaceutical intermediates, Cosmetics products.

Panacea Phytoextracts Pvt. Ltd. is a global supplier of broad array of raw materials of raw materials and functional ingredients as a manufacturer, distributor and supplier for the Global Beverage, Nutraceutical, Food, Feed and Cosmeceutical Industry. Quality, implementation and traceability are the pillars that support the base of our structure and goals.

Currently, the company deals with over 50 different standardized herbal extract solutions with high quality specifications of HPLC grade analysis. All products are GMP certified, clinically tested by standardized protocols and strictly kept in sterile conditions. The product specifications are firmly recognized by international standards and competitively priced.
