

FINISHED FORMULATIONS

At Meteoric Biopharmaceuticals we are on a mission to revolutionize the biopharma arena through innovative solutions and unparalleled expertise. Driven by nearly two decades of #innovationthroughdiscovery, we boast global headquarters in India, with strategic offices in the USA and Vietnam. Our advanced R&D centers, comprehensive regulatory accreditations, and robust portfolio of patents and trademarks reflect our dedication to pioneering research and quality. We provide customized solutions in Enzymes, Enzymatic Preparations, Prebiotics, Probiotics, Synbiotics, Postbiotics, Bioactives, Formulations, and Animal Health Care, offering product customization, concept-based formulations, and contract manufacturing all integrated under one roof.

Meteoric Biopharmaceutical's Formulations division, established in 2019, focuses on creating holistic conceptualized formulations which are backed by scientific evidence. Our journey began with a few domestic products, and today we have expanded to over 200 commercialized products, with more than 100 registered in 30 countries worldwide. Driven by our commitment to quality, we have developed 50+ products with clinically proven ingredients and robust clinical claims. We specialize in customized science-driven formulations from proof-of-concept to commercialization that supports optimal health throughout life's trajectory. Our comprehensive range of Enzymes, Prebiotics, Probiotics, Bioactives, Multi-Vitamin-Multi-Mineral, and Herbal Formulations are developed to meet the unique nutritional needs of individuals across all stages of life. We also offer world-class packaging solutions to meet the evolving market demand that aligns with the global standards.

GROUP METEORIC

Meteoric Biopharmaceuticals's Animal Healthcare Division offers high-quality enzymes, probiotics, and nutraceuticals for dairy, poultry, and aquaculture. Focused on enhancing animal health, we provide reliable veterinary feed supplements and innovative enzymatic solutions for better efficacy.

Meteoric Cosmeceutiicals Pvt. Ltd., as part of the Meteoric Group, delivers next-generation cosmetic ingredients, including enzymes and bioactives. Our focus on the skin microbiome drives the development of innovative postbiotics and natural solutions. Backed by advanced research, our solutions provide pioneering innovations for the cosmetic industry.

Panacea PhytoextractsPvt. Ltd. specializes in standardized herbal extracts for biomedicines and cosmetics, emphasizing active metabolites and 100% certified purity. With 28 GMP-certified herbal solutions, we aim to expand R&D collaborations for innovative phytoextracts from indigenous plants.

Established in 2019 as a CSR partner of Meteoric, VISHALWIN Foundation focuses on two key initiatives: VishalCARE, providing rehabilitation for children with neurodiversity, and VishalSAVE, enhancing road safety through ambulance installations and emergency response systems. Our mission is to foster inclusion and support for vulnerable communities across India.

KEY HIGHLIGHTS

OUR USP'S

Product Customization and Concept Formulation for Ever Evolving Market Needs

TABLETS

- Uncoated tablets
- Coated tablets
- Mouth dissolving tablets
- · Chewable tablets
- Effervescent tablets
- · Uncoated sustain release tablets

CAPSULES

- Hard gelatin capsules
- Veg capsules (HPMC)
- Soft gelatin capsules
- Delayed release capsules

POWDER / SACHETS

- · Water dispersible sachet
- Mouth dissolving sachet

SUSPENSIONS

- Aqueous suspension
- Oil suspension

SYRUPS

- Sugar syrups
- Dry syrups

GUMMIES

- Sugar gummies
- · Sugar-free gummies

ORAL SPRAYS / SHOTS

- Aqueous solutions
- · Aqueous shots

MODUS OPERANDI

PRODUCT CLAIMS

Formulations Registered Across 30 Nations

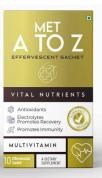

GENERAL SUPPLEMENTS

An extensive range of science driven conceptualized supplements to nourish daily lifestyle of your family

Cardiovascular Supplements

Probiotics For Kidney Function

Enzymes For Digestion

Prebiotic Supplements
